

The Great Glen Witches

Hi there! Please don't be frightened! We do not wish any harm to anyone! In fact, I guarantee that once you have been introduced to us, you'll smile and go on your way!

My name is **Violet**... I guess you can easily tell by my purple face... of course you can. Amongst the Witches I am known as the Crone. It simply means CROWNED.... I encompass all that is around us and guess... I am known as a priestess and spend my time studying the stars and planets.. You'll know me as an astrologer.... The studying of these heavenly bodies takes so much of my time ... The Sun, Moon, Mercury, Venus, Mars, Jupiter, Saturn, Neptune and Pluto....

The Stars themselves making up 12 constellations of which the above planets 'Rule'.... Gosh, I hope you are not bored? I find it so interesting... Of course, our year doesn't start on 1st January, but around April 21st, under the sign of Aries, followed by Taurus, Gemini, Cancer, Leo, Virgo, Libra, Scorpio, Sagittarius, Capricorn, Aquarius and Pisces... do any of you read your horoscopes?

Hello, my name is **Belle**.... short for Bluebell as I have a blue face... I am known amongst the witches as a HAG! Do you like the flowers in my hair? I LOVE flowers and if you look carefully, you'll find me collecting flowers and herbs in your gardens.... In your world, you'd acknowledge me as a healer.... So much of the flora and fauna that grows have medicinal properties, even dandelions! Sage, Rosemary, Thyme, Bay and Mint being very important to me, as well as common perennial plants, such as Walwort, Henbane, Betony and Comfrey. I am always looking out for Pennyroyal for Rosey, another HAG.... She'll explain why.... (HAG simply means HOLY).

Yes, Pennyroyal is very important for me and I always need so much! You see, I am a midwife and babies and their mummies need my help... **Rosey** is my name and I have a red face... Like Belle, I have a broomstick to enable me to fly to wherever a baby is due to be born... I love helping these wonderful ladies bring their babies into the world... It is a very very difficult job for them as you can imagine... but so lovely to hear a baby's first cry and to put the baby in its mummy's cuddling arms, and then to see the baby getting its first kiss when it is welcomed to the world... Brings a tear to my eye EVERYTIME!

Hi, believe it or not, but we are TWINS! Not identical ones though... We are simple witches but then that doesn't matter as witch means WISE! I am **VERA** as I have a green face and my twin who has a yellow face is called **Dilly**. If you look closely, I am holding a spell book and my sister casts the spells for me. You can see her holding her wand!

And before you ask, as I know you will! I *never* use frogs nor puppy dog tails! Where did that silly idea come from?
